

DRIVE GREATER EFFICIENCY ACROSS YOUR ENTIRE BUSINESS WITH **DIRECT-SHOP ELITE**

You know that increasing your shop's productivity will increase your profitability, so it's important to run your business efficiently. At Identifix, we hear you. We have evolved from helping you "Find and Fix Faster" to a premium shop management system: Direct-Shop Elite. Now, get centralized access to manage your shop's activities, boosting efficiency across every aspect of your business.

From vehicle check-in to on-time delivery, integrate your systems for a complete picture. Designed for both single- and multi-shop environments, Direct-Shop Elite provides the technology, communication and control you need to maximize your shop's productivity and profitability.

HERE'S HOW:

- ✗ Streamlined check-in with mobile VIN scanning and R.O. initiation
- ✗ Quick service package and quote creation, including parts & labor, taxes and more
- ✗ Easy searches within shop inventory and ordering from integrated vendor catalogs
- ✗ One-click access to factory-recommended routine maintenance
- ✗ Accurate inventory tracking and sales and productivity reports for multi-store support
- ✗ End-of-day checkout system to stay on track

Direct-Shop Elite is your fully integrated shop management system that provides more owner control and vendor connectivity. Access customer information, process credit cards, search on-hand inventory, and control corporate functions and accounting for all of your shop locations.

DISCOVER HOW YOU CAN BE MORE EFFICIENT AND PROFITABLE TODAY. CALL 1.800.745.9649 TO SEE HOW DIRECT-SHOP ELITE CAN STREAMLINE YOUR OPERATIONS AND TRANSFORM YOUR BUSINESS.

CALL 1.800.745.9649 TO SEE HOW DIRECT-SHOP CAN STREAMLINE YOUR OPERATIONS AND TRANSFORM YOUR BUSINESS.

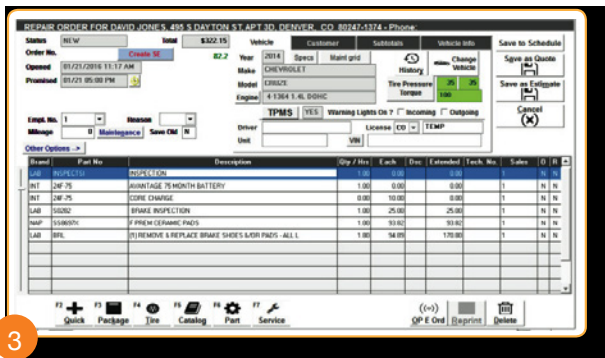

Direct-Shop Elite keeps your business running smoothly and efficiently.

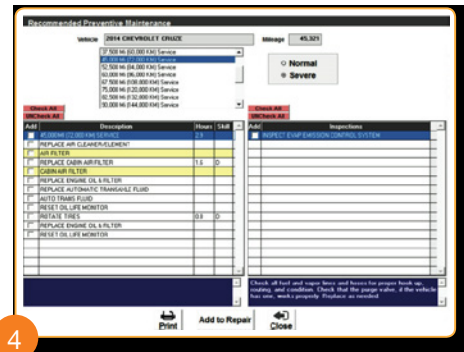

1 Look up customer by name, license tag, VIN, E-Mail, or phone number (work, cell, fax, or home – they all work.)

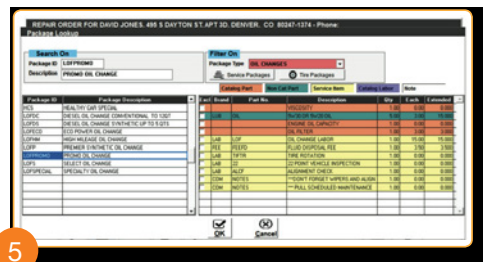

2 Pick which one of their vehicles they want serviced.

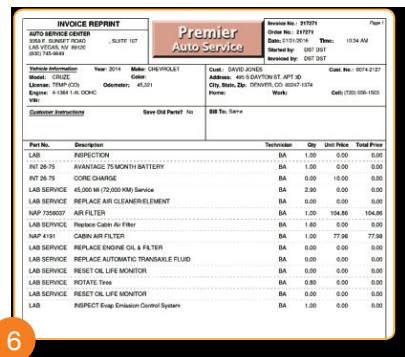

3 Enter services that you perform, sell parts from your inventory or lookup parts in the integrated catalog. With our online vendor communication, you can check stock, confirm cost, and place your order all from within the repair order.

4 Add automated packages that look up parts, labor, specifications, etc. and add it all to the ticket with a few clicks of your mouse.

5 Add factory-recommended maintenance by entering the current mileage and clicking on the maintenance tab to add any or all of the parts, services and inspections to the repair order.

6 Print out an invoice for the customer.
